

TRUTH TRIUMPHS

Barre Citizens Testify for the Public Benefit.

A truthful statement of a Barre citizen, given in his own words, should convince the most skeptical about the merits of Doan's Kidney Pills. If you suffer from backache, nervousness, sleeplessness, urinary disorders or any form of kidney ills, the cure is at hand. Read this:

Mrs. Daniel Ryan, 54 West street, Barre, Vt., says: "Time has not changed my opinion of Doan's Kidney Pills, for whenever I have taken them, the best of results have followed. Several years ago, I was hardly able to do my housework. I had severe pains in my back, headaches and terrible attacks of dizziness. My kidneys were so weak that any cold I caught settled in them and aggravated the whole trouble. I saw Doan's Kidney Pills advertised and had my daughter get a box at E. A. Brown's drug store. This remedy proved to be the one I needed, and I had not taken it long before the backache ceased and the other symptoms of my trouble disappeared. I know Doan's Kidney Pills to be a splendid remedy for any trouble arising from the kidneys."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

Hardly another item of news will be likely to rejoice our citizens more than did the announcement of Mr. and Mrs. George Marr that they would open our Monument house to the public Aug. 1. Firstly, we all wanted the house opened, but only by a first-class family, and we believe we have it, in Mr. Marr's family. We believe they are surely worthy of the patronage of a traveling public, and we all wish them the greatest success.

The Granite State Magazine for June is on our table. An article that could not fail to possess much interest for us is the first one, "Robert Perkins Bass," evidently written because of Mr. Bass' desire to be the next governor of New Hampshire. A fine portrait of Mr. Bass accompanies the article, in which one who knows the family well will see a good deal that a stranger might not see. His great grandfather on the Bass side was the late Joel Bass, sr., who was one of the early settlers of our place. He was a character, indeed, as so many yet living well know. The granite in the hills not far from his home was typical of his character. We remember once that after his second marriage, when he was 80 or more years old, when he had taken his new wife over the hills to Randolph on what seemed dangerous traveling, as winter was coming on, we said to him that we should think it would scare him to ride on such going. In his reply, the little-bodied man took on a ton's weight in manner, as he growled out in his fashion, "S-e-a-r-e-d I was never s-o-a-l-r-t in my life yet!" He showed the supremest contempt of fear as he spoke—and this was Robert Bass' Great-grandfather Bass. His Great-grandmother Bass was one of our old grand stock of Martins. What might not be expected in the way of clear grit from a union of that kind! We read now that on his mother's side he comes from Scotch-Irish stock well known in the neighborhood of Peterboro, N. H., where Mr. Bass has his home. He has been in both the House of Representatives and the Senate in the New Hampshire legislature. We can easily believe now that Mr. Bass is a clear politician and a man of the kind that has been forging to the front in later years in our great nation, as such, and as having had so many of his roots in our own town soil. We now wish him great success. This article has a picture of his own and his mother's beautiful farm home in Peterboro, N. H. He is a Granger, withal.

Now that the time has come when automobiles have begun to travel the Mountain road, so called, leading from Henry Dwinelle's to Nigger Bend pond, it behooves the farmers to quit travelling in that vicinity. Much of this road is so steep and narrow that even teams cannot pass with safety, and in some places not at all.
